SUMMARY

Final-year Biomedical Engineering student with expertise in healthcare technology, IoT, and full-stack development. National-level hackathon participant, NCC C-Certificate holder, and passionate about building innovative web and medical technology solutions.

TECHNICAL SKILLS

Programming: C, Java

Web Technologies: HTML, CSS

IoT & Embedded Tech: Autonomous Systems, Path-Tracking

Core Skills: Signal Analysis, Medical Imaging

EXPERIENCE

Biomedical Intern — KVs Biomedical, Chennai

April 2025 – May 2025

- Gained hands-on experience in medical equipment maintenance and hospital-grade technology workflows.
- Understanding the lifecycle of clinical diagnostic tools.

PROJECTS

Neonatal Continuous Monitoring System using Wearable IoT (Currently Working)

JULY 2026

- A 24/7 vital monitoring system utilizing gentle, non-invasive sensors and smart alarm algorithms to detect physiological changes and ensure immediate clinical intervention for high-risk infants in the NICU.

Internship Evaluation App

MAY 2026

- Developed a full-stack web application designed to streamline internal student evaluations, track project milestones, and automate final performance reporting.

Luminalens (Smartphone-Integrated Ophthalmoscope), SIC 26

FEB 2026

- Developed a portable diagnostic device to image the posterior segment of the eye using 2D lens integrated with smartphone camera.

Brain-Computer Interface (BCI) System

NOV 2025

- Engineered a system for neural signal analysis to bridge human cognition with external hardware.

PAPER PRESENTATION

EMG-Based Smart Physiotherapy Rehab System, IMSTEM 2026

MAR 2026

Presented an EMG platform designed for real-time muscle activation tracking and biofeedback to optimize physiotherapy recovery in International Conference IMSTEM 2026, hosted by St. Joseph's College, Chennai.

EDUCATION

B.E. in Biomedical Engineering

2023–2027

Bannari Amman Institute of Technology

CGPA: 7.56/10.0

Higher Secondary (Class XII)

2021–2023

T.N.S.S Gandhi Vidhyalaya Matric Hr. Sec. School

Score: 91% (Biology Excellence: 99/100)

CERTIFICATION

1. Biomedical Internship, KVs Biomedical
2. B & C Certificate, NCC
3. Bio-Hackathan 2025

BEYOND ACADEMICS

Languages: English, Tamil

Activities: NCC Cadet, Volley Ball Player

AWARDS & VOLUNTEERING

1. SIH'25 Volunteer — BIT – Cultivated interpersonal skills by coordinating with students at a national event.
2. Limca Book of Records — KPR & MCET – Participated in two mass seed ball rolling & dispersal events.
